

BebakAnanda-বিবেকআনন্দ-विवेकानन्द

Request to entire 140 crore (1.4 billion) citizen of Bharatbarsha to think and Analyse why Bebakananda, Narendranath Dutta never get a simple Job inside Bengal, India being best brain and known to entire nation.

Why his residential house, property, asset, money has been taken illegally more than 140 years ago? I had studied Ramakrishna Vivekananda Mission Bidyabhawan Barrackpore. Phylosophy of Swame Bebakananda not following inside West Bengal after independence. He has been assassinated 4th July 1902 on the independence day of United States of America, using invisible weapon and described it as a process of sacrifice life. It can be proved by thought captured by British Police and Authority during his assassination inside West Bengal. We can retrieve archive data from United Kingdom to establish “Satyameba Jayate “.

After 108 years of his speech on Chicago on 11th September 1893, Twin towers was destroyed on 11th September 2001 to destroy Business and trade and produces Darwinism to the citizen of United States of America.

Every Religion used to practice Japজপ using 108 time using their counting instruments.

However no 1 was able to recall during the time or prior to incidents, or stop them doing terror attack. Reason may be incorrect spelling of numerics.

When I was a small boy student of Ramakrishna Vivekananda Mission Bidyabhawan, every line I used to write, having spelling mistake, in later stage of life I found, we have a fault in education system and arrangements of alfabets, we use incorrect arrangments of alfabets to produce swar. Dabee Sarasotty can provide correct swar and lepe.

We will be learning alfabets and learn how to become human.

Invisible weapon they have used on Swami Bebakananda in 1902 was used against me for several years . Way they stopped earning of Swami Bebakananda and their family has been applied on Shree Sourav Ganguly to prevent him playing cricket Similar way.

They also applied me isolation to prevent me earning money for bread and butter and livelihood for our family.

Hope 140 crore citizen of Bharatbarsha will weak up and speak each other and build their own future by uniting Bharatbarsha using a tiny effort I have started through online portal, phone call and postal letters and personally visiting each and every corner, and they will ask Tumi Kemon Achho?

We are human, we will arrange our lively hood and and bread and butter on our own efforts.

We will unite citizen of Bharatbarsha to United BHARATBARSHA.<http://bharatbarsha.org>,
